## **WELL THIS HAPPENED...ALL IN ONE DAY!**

We were lucky enough to adopt two adorable Nigerian dwarf goats in July. We found out they may be pregnant and thought a couple more would be nice! Aspen, 2 years old and the mother of Willow, gained weight very quickly. Joel thought maybe more than one baby. Willow, 1 year old, didn't put on weight until recently.

Recently we noticed they were slowing down and Joel went out to check on them early morning on November 21<sup>st</sup> and found 3 multi colored babies! Aspen had just given birth to triplets!!

If that wasn't enough excitement....around 8pm that evening, Joel went to check on the babies and heard a lot of bleating coming from the far side of the goat enclosure. He found Willow with 2 recently delivered white baby goats! Triplets and twins on the same day, 3 boys and 2 girls!

Needless to say, it's been a busy couple of weeks! We are in the process of trying to pick names for these cuties. Any suggestions? If you're near our shop, stop by and see these adorable babies!

*Thank you for all your support throughout 2025! Merry Christmas and Happy New Year!*
